ATTENTION !

Ne pas exposer la batterie à une température supérieure à 60° C (140° F).
Ne pas démonter ni faire de mauvaises manipulations sur la batterie.
Ne remplacer que par un module de batterie **Trēo™** de type 157-10094-00.
Le non-respect des présentes instructions peut entraîner des risques
d'explosion, d'incendie ou d'échauffement. Pour en savoir plus sur les
règles de sécurité, se reporter au guide d'utilisation.

VORSICHT

Akku keinen Temperaturen über 60° C aussetzen. Akku nicht öffnen
oder unsachgemäß behandeln. Nur durch Akkus vom Typ 157-10094-00
von **Trēo™** ersetzen. Die Nichtbeachtung dieser Hinweise kann zu
Explosion, Entflammung oder Überhitzung führen. Weitere
Sicherheitshinweise finden Sie im zugehörigen Benutzerhandbuch.
