In reference to a request for certification from IRP Professional Sound Products, LP, Elite performed a certification of the above referenced product manufactured by IRP Professional Sound Products, LP. The device manufactured by IRP was tested in Germany. Elite noticed several discrepancies in the measurement report required by the commission pursuant to CFR 47 Section 2.1033 (b)(6). Upon contact with IRP Professional Sound Products, LP the discrepancies discovered were addressed and sufficient explanations were given and corrections made.

Correspondence regarding the discrepancies was kept by Elite. Elite will submit a copy of all the correspondence obtained during this certification upon request of the commission.

Please feel free to contact me here at Elite with any comments, questions or concerns regarding this matter.

Sincerely,

Richard King
