

# Declaration

We, **Global Technology Exchange LLC** declare that the phone X1 (FCC ID: OA7-X101) :

1. This device has no GPRS support and cannot be switched on by the end user either, therefore the EUT does not have G7W emissions.
2. This device can support of two SIM cards, but the phone can physically only transmit with one base station at the time, and also have one line active at the time.
