Dear Sir,

Provided on behalf of Upcom Technologies, Inc. this letter will provide additional information to the exhibits filed for the UPCOM UC-UHF DTV transmitter type certification for the UHF TV frequency range. The documentation package for this submission does not include filtering of harmonics related to the GPS band frequencies as indicated in FCC 74. 794 (b) (1). Thus it is recognized that the present submission package will not be sufficient for operation on channels 22-24, 32-38, and 65-69.

Sincerely,

A handwritten signature in black ink that reads "Gregory L. Best, PE". The signature is written in a cursive, flowing style.

President
