

Attention: Application Examiner

Re: Request for confidentiality

Applicant: ISONAS Security Systems

FCC ID: OCZRC-01

To whom it may concern,

Permanent Confidentiality

Request is hereby submitted by ISONAS Security Systems to withhold permanently from public review certain portions of the application for equipment certification for the released FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) of the FCC Rules. In particular, the following sections of the application are to be kept permanently confidential:

- Schematics
- Detailed Block Diagrams
- Detailed Operational/Functional Description
- Internal photos – photos will reveal components and circuitry that makes our product unique among our competitors. Our production products are potted to protect this proprietary information.

Rationale for request for confidentiality:

ISONAS Security Systems has invested considerable time and materials in research and development to produce the referenced product. Disclosure of the permanently confidential portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

The fee for confidentiality has been submitted along with the fee for certification.

If you have any questions or need further information, please contact me at your convenience.

Sincerely,

A handwritten signature in black ink, appearing to read "Roger Matsumoto", written over the printed name.

VP of Manufacturing

ISONAS Security Systems
