Gentlemen:

Please find the test report addendum including a mid and low band of operation for the above-mentioned device. Please proceed with the process of issuing a grant for Certification of an Intentional Radiator operated in the band of 902 – 928 MHz.

We are requesting of you to amend the 731 form to include the operating band of 905 – 918 MHz. The original 731 form limited the frequency band to use of 914 – 918 MHz.

The additional data requested has been uploaded to the FCC web site.

Should you require any further information, please contact the undersigned who is the authorized agent for Ken-A-Vision Mfg. Co., Inc.

Thank you for your consideration in this matter.

Sincerely,

A handwritten signature in cursive script that reads "Scot Rogers". The signature is written in dark ink and is positioned above the printed name and company information.
