

**Exhibit 8: User's Manual**

The MPC 30 is comprised of two previously certified units that are purchased from AML Communications and Celwave which are repackaged as the RF CELLutions, LLC Model MPC 30. The MPC 30 consists of a AML Multicarrier Linear Amplifier, previously certified under the following FCC ID number: (LX7PA0870), and a Celwave Bi-Directional Amplifier (BDA), previously certified under the following FCC ID number: IWDBDA48551-N.

RF CELLutions, LLC does not produce a user's manual, they use the AML Communications and Celwave manuals.

Enclosed as a separate pdf file are copies of the AML Communications and Celwave manuals for both the BDA and Multicarrier Linear Amplifier.
