Short-term Confidentiality

Request is hereby submitted by Victory Concept Industries Ltd. to withhold from public review for a period of 180 days from the date of the Grant of Equipment Authorization and prior to marketing, certain portions of the application for equipment certification for the referenced FCC identifiers. This request for confidentiality is made pursuant to 47 CFR 0.457(d) and 0.459 of the FCC Rules. Rationale for request for confidentiality:

Victory Concept Industries Ltd. has invested considerable time and materials in research and development to produce the referenced product:

Disclosure of the **permanently confidential** portions of this application to competitors would not only give them significant competitive advantages in developing similar products, but would also disclose successful implementation of unpublished, leading edge technology developed by us.

Disclosure of the **short term** confidential portions of this application during the period of importation and/or distribution would reveal key aspects of proprietary technology to competitors and diminish the value of our investment in research and development

For FCC certification: The fee for confidentiality has been submitted along with the fee for certification.

If you have questions or need further information, please contact the undersigned.

Sincerely,

Samuel Cheng – R & D Manager
