Applicant: Axxcelera Broadband Wireless, Inc.
FCC ID: OJB-SSIDU-365
Correspondence Reference Number: 37413
731 Confirmation Number: EA704234

Mr. Lyles,

Axxcelera Broadband Wireless would like to submit for review a mobile version of the IDU. This is the product that was submitted under the original application for grant with test data to the fixed requirements as defined in FCC Rule Part 90Z for Broadband Wireless Technology.

As a result of the correspondence Axxcelera has received from the FCC, we will no longer defer the original grant, and in lieu of the original application, Axxcelera has uploaded the applicable documentation under the afore mentioned FCC ID, confirmation number and correspondence number for the mobile version of the product.

The application for grant now is for a mobile device under part 90 rules for mobile devices. Please do not hesitate to contact me with any questions. Thank you.

Al Servais
