Approvals

CE approvals

MASQUERADE has been CE approved. The *CE Declaration of Conformity* is available from LASAT Networks A/S.

Other approvals

MASQUERADE has been approved by relevant authorities with regard to telecommunications, safety, and EMC regulations. Please contact your vendor for further information.

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Changes or modifications not expressly approved by LASAT Networks A/S could void the user's authority to operate this equipment according to part 15 of the FCC rules.
