RE : Confirmation of Model CL-40

Dear Ms. Leung

In reply to your fax on 26 June 2000, I'd like to confirm that model number CL-30 must be changed to CL-40 and also the FCC ID from OK8CL-30 to OK8CL-40. The mentioned information changes must appear on the following applications: FCC Part 15/68, ETL, IC EMI, IC Telecom, and cETL.

Thanks and regards.

Dan
