

Annex A - Band Edge and Emission Mask Measurements

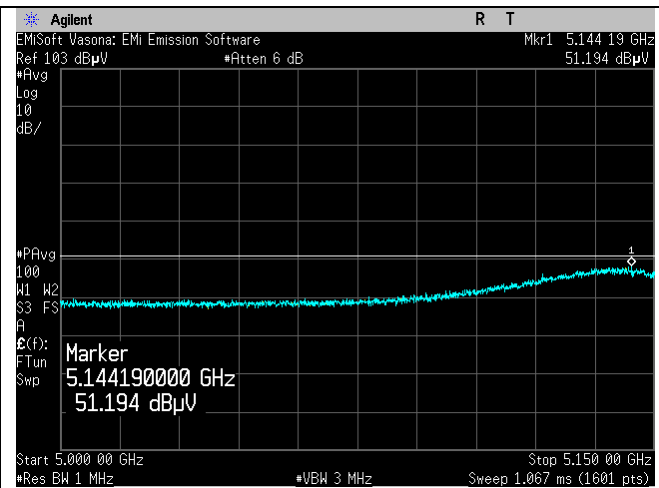

Naming Convention: Frequency (MHz)_modulation (a/n20 mode)_measurement (Avg, Peak, 27dBm)

Note: Horizontal Polarization was measured to be worst case polarization and was used for the following plots

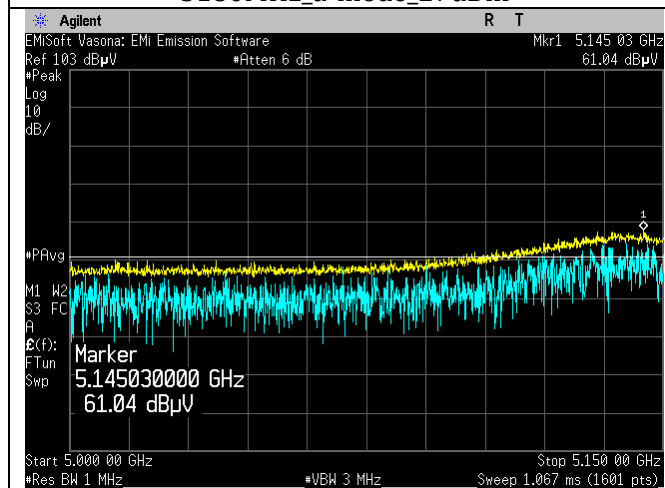

5.2 Band Edge measurements

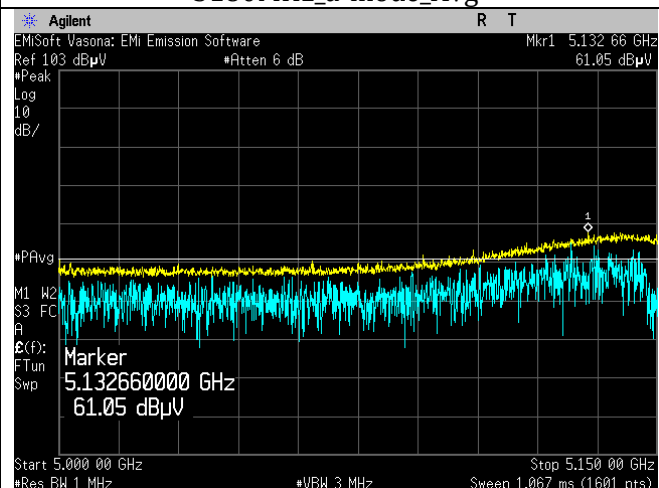

5180MHz_a-mode_27dBm

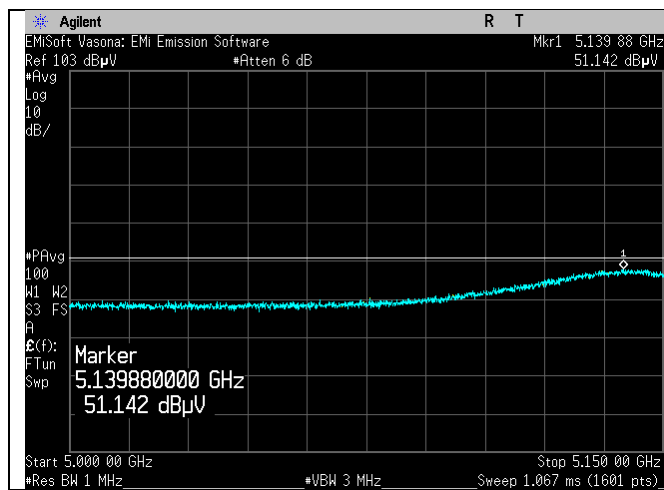

5180MHz_a-mode_Avg

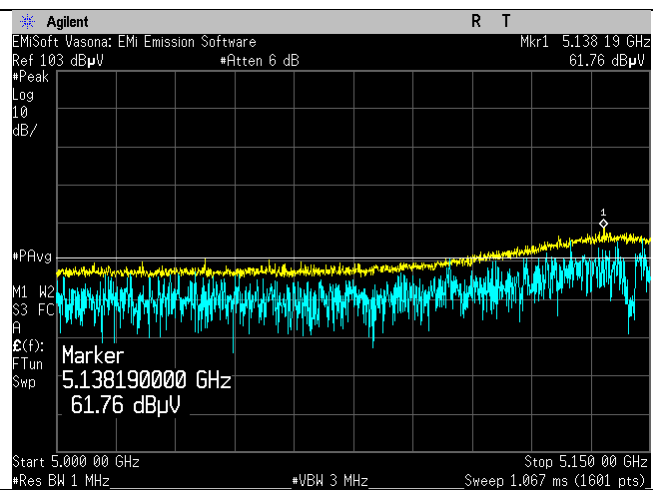

5180MHz_a-mode_Peak

5180MHz_n20-mode_27dBm

5180MHz_n20-mode_Avg

5180MHz_n20-mode_Peak

Naming Convention: Frequency_modulation(a/n20-mode)

Note: Horizontal Polarization was measured to be worst case polarization and was used for the following plots

5.8 Emission Masks
