Dear Jaunice

In response to your e-mail dated August 30 requesting additional information for the subject application, we would like to answer as following.

The FCC ID on the Form 731 and displayed on the identification label is different as you commented. The FCC ID on the Form 731 is OMNIM-784F, and FCC ID on the identification label information is OMNIM784. The correct FCCID is OMNIM784 which is described on the identification label information. This was our mistake at the time of typing the Form 731. We knew that after completed the Form 731. But, we are not sure if the change of FCC ID on the Form 731 submitted is available in this time.

If possible, we would like to ask kindly you to correct the FCC ID on the FROM 731(OMNIM-784F) to the FCC ID : OMNIM784. If FCC ID on the Form 731 can not be corrected, we will change the FCC ID on the label information attachment(OMNIM784) as OMNIM-784F with submission of additional Attachment and correspondence.

Would you please inform us if you can correct the FCC ID on the Form 731 submitted from OMNIM-784F to OMNIM784.

Your kind acknowledgement on this matter would be greatly appreciated.

Best Regards,
