A photograph of a green printed circuit board (PCB) with various electronic components. A metal ruler is placed horizontally below the PCB for scale, showing markings from 5 to 10 cm. The PCB features a large gold-colored component, a black circular component labeled 'HYESUNG SMHR 32BT3S2 11K', and several capacitors. The components are labeled with various codes such as BC5, BC9, BC10, BC11, BC12, BC13, BC14, BC15, BC16, BC17, BC18, BC19, BC20, BC21, BC22, BC23, BC24, BC25, BC26, BC27, BC28, BC29, BC30, BC31, BC32, BC33, BC34, BC35, BC36, BC37, BC38, BC39, BC40, BC41, BC42, BC43, BC44, BC45, BC46, BC47, BC48, BC49, BC50, BC51, BC52, BC53, BC54, BC55, BC56, BC57, BC58, BC59, BC60, BC61, BC62, BC63, BC64, BC65, BC66, BC67, BC68, BC69, BC70, BC71, BC72, BC73, BC74, BC75, BC76, BC77, BC78, BC79, BC80, BC81, BC82, BC83, BC84, BC85, BC86, BC87, BC88, BC89, BC90, BC91, BC92, BC93, BC94, BC95, BC96, BC97, BC98, BC99, BC100.
