Gentlemen:

L3 Nova Engineering respectfully requests confidentiality of certain materials provided with the submission of the MH902 under FCC ID: OOSNRMH902 in accordance with FCC Regulations 0.459. The confidentiality request applies to the following exhibits:

10-0346 – Theory of Operation.pdf

The MH902 has been developed at considerable effort and expense by L3 Nova Engineering. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

I appreciate your assistance in this matter.

Sincerely,
