In re: Prosoft Technology, Inc.  
FCC ID: OQ7IHW  
Request for Confidentiality

To whom it may concern:

Pursuant to Paragraphs §0.457 and §0.459 of the Commission's Rules (47 C.F.R.) and Section §552(b)(4) of the Freedom of Information Act, ProSoft Technology, Inc. requests confidentiality of the Block Diagram, Circuit Diagrams, Circuit Description and Operational Description attachments for the subject application.

These documents detailed system and equipment description and related information about the product, which the manufacturer considers to be proprietary, confidential, and a custom design and, otherwise, would not release to the general public. Since this design is a basis from which future technological products will evolve, the manufacturer considers that this information would be of benefit to its competitors, and that the disclosure of the information in these documents would give competitors an unfair advantage in the market.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Weikert".
