

## 2. Manufacturers Declarations

- 2.1 Antenna Port (Is a passive or temporary antenna port available?) Refer to Table A.2 from TBR 41:-

Temporary antenna port is available

- 2.2 Maximum antenna gain (if applicable). Attach gain results if necessary for outband peak measurements (see Annex D2 (d) from TBR 41):-

- 2.3 Host equipment declaration (Is a host equipment required for the testing? If so, are repeat measurements on other set ups necessary?)  
All required host equipment must be supplied with the test sample. Refer to clause B4 from TBR 41:-
