

15. Replace any advertisement devices you may have removed.

2.12 Reapplying Power

1. Reapply power to dispenser and refer to the test instructions in Chapter 4 and the service manual "System Tests for Dispenser Electronics" (PN 920353).

2.13 Installing Patent and Serial Number Decal

Refer to Figure 2-12 for the following steps:

1. Remove EasyPAY serial number and FCC decals from kit.
2. Locate the Dispenser ID plate on the lower left corner of side 1 on the chassis frame.
3. Clean area of dirt and oil before you apply decals.
4. Affix decals securely onto dispenser adjacent to existing ID plate.
