Correspondence ID 19846

Dear Ms. Poole:

With reference to your email of 7/3/01;

1. The ERP is 500 mW (.5 Watts).
2. I have uploaded a frequency response plot with increased resolution between 2 and 5 kHz.
3. I have uploaded an audio low pass filter from the manufacturer. The Red Line shows the FCC limit.

Should you have any questions or require any further information, please advise.

Regards,

Sharon A. Hoffman
