RE: FCC ID: OW3RX-1M_ATCB001327
Attention: Detlev Aust

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that as mentioned in the original email, Land Rover is not the applicant for this device and as such has not authority in this application. Please note that the two condition statement on page 43 of the manual has Land Rover as the responsible party. Please note that as Nokia is the applicant for this device Nokia is the responsible party. Please correct the manual to use the correct responsible party in the non modification statement. The statement should be revised to state either Nokia as the responsible party or simply use the phrase "the party responsible" in place of Land Rover.
2. Please note that as this is a part 15 device, separate test setup photos must be provided. Please provide separate test setup photos.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
