Suite C110  
McLean, VA 22101

Subject: FCC ID: OWDTR-0044-E  
IC: 3636B-0044.

Harris seeks application approval for a Class 2 Permissive Change on the P5400 VHF (150.8 – 173.4 MHz) portable radio.

An emission designator has been added and a test report is included as an exhibit. The mode of operation has been present in the product and has been enabled by firmware. No hardware has been changed nor are there changes to the PCB. Conducted power remains the same, as well as the enclosure, so no SAR evaluation was performed.

Thank you for your kind consideration and timely review of this product enhancement.

Sincerely,

A handwritten signature in black ink that reads "Daryl S. Popowitch". The signature is fluid and cursive, with "Daryl" and "Popowitch" being the most distinct parts.

Daryl Popowitch  
Regulatory Manager
