Subject: FCC ID: OWDTR-0054-E
IC: 3636B-0054.

Harris seeks application approval for a Class 2 Permissive Change/Reassessment on the P7300 700/800 MHz dual band portable radio.

This change adds P25 Phase 2 emission designator (8K10DXW) to the 700 and 800 MHz band. Conducted power remains the same as well as PCB artwork and the radio enclosure; no new antennas have been added, so no SAR evaluation is warranted (previous measured bandwidths are larger than this addition).

A Rhein Tech Laboratories, Inc. agent authorization letter to act on Harris' behalf for this Class 2 Permissive Change/Reassessment application filing, have been provided.

Thank you for your kind consideration and prompt review.

Sincerely,

A handwritten signature in black ink that reads "Daryl S. Popowitch". The signature is fluid and cursive, with "Daryl" and "Popowitch" being the most distinct parts.

Daryl Popowitch
Regulatory Manager
