Harris seeks application approval for a Class 2 Permissive Change on the M7300 VHF 50W mobile radio.

Exhibits include an Operator's manual and Installation manual, and Part 80 compliance test report. There have been no hardware changes, no new modes, no antenna additions and the conducted power remains the same. The radio capability has been enabled for operation in the Part 80 band.

Rhein Tech Laboratories, Inc. agent authorization letter to act on Harris' behalf for this change filing, has been provided.

Thank you for your kind consideration and timely review for this new product entry to the Harris radio product family.

Sincerely,

A handwritten signature in black ink that reads "Daryl S. Popowitch". The signature is written in a cursive, flowing style.
