## ATTESTATION

### MASTR-V VHF Base Station Frequency Range – Contiguous Frequency Listing

Device is for use in LMR systems licensed under FCC Part 90. Additionally, Federal end users are intended. The frequency range is:

150– 174 MHz

Part 2.106 has been used to construct the following table of frequency range capability intended for end users.

Harris Corporation acknowledges that operation on unauthorized frequencies is a violation of FCC rules.

Harris Corporation acknowledges the inclusion of Grant note code “EF”.

End users are not able to directly configure transmit frequencies and there are no end user controls available for such. Device configuration is the responsibility of Harris Corporation and its approved Service personnel.

| <u>Frequency(MHz)</u> | <u>Part 90</u> | <u>Federal</u> |
|-----------------------|----------------|----------------|
| 150.0000-150.8000     |                | X              |
| 150.8000-152.8550     | X              |                |
| 152.8550-154.0000     | X              |                |
| 154.0000-156.2475     | X              |                |
| 156.2475-157.0375     |                | X              |
| 157.0375-157.4500     | X              |                |
| 157.4500-161.5750     | X              |                |
| 161.7750-162.0125     | X              |                |
| 162.0125-173.2000     | X              |                |
| 173.2000-173.4000     | X              |                |
| 173.4000-174.0000     |                | X              |
