Harris seeks application approval for a Class 2 Permissive Change on the MASTR V VHF Base Station with regard to the addition of the Part 22 and Part 80 frequencies in the VHF band, and a new emission designator for Part 90.

Test report is provided as a filing exhibit, substantiating operational performance requirements. No hardware changes, nor PC board changes have been made to the product. No new accessories are being introduced, nor antennas. Conducted power remains the same as the original Grant.

Thank you for your kind consideration and timely review of this application.

Sincerely,
