Subject: FCC ID: OWDTR-0131-E Supersede Request

Harris requests superseding the test report for FCC ID: OWDTR-0131-E in the grant issued on 9/22/2014. The supersede request is being made because the certification application did not include the request for the wide band emission designators for the 470 – 512 MHz band as allowed by the "T-Band Waiver" DA 12-642.

Sincerely,

A handwritten signature in black ink, appearing to read "D. Grunert".
