Class 2 Permissive Change

ATTESTATION

Bluetooth Low Energy (BLE) Functionality

The XL-200P LMR radio does not support Bluetooth Low Energy. This function is disabled via radio firmware. Additionally, radio firmware has not been developed to support this feature. This feature may be supported in the future through a PCII application.

Sincerely,

A handwritten signature in black ink that reads "William H. Pertner". The signature is written in a cursive, flowing style.

William H. Pertner
