Applicant: **Silver Spring Networks Inc.**
FCC ID: OWS-IMU516
IC: 5975A-IMU516
Model No.: 174-000140

To whom it may concern,

An application for certification is being submitted for a 902-928 MHz FHSS radio module for use in gas meters. The module is battery operated only and has an integral antenna.

The module board will be sold primarily as is for incorporation into meters, but some customers have requested that the meter board and battery be assembled in a plastic box that will be bolted on to the rest of the gas meter assembly. The FCC ID label will be visible.

The "Contains FCC ID: " label is not required for this plastic box alternative assembly. Please refer to the KDB query and response submitted separately with this application.

If you have questions or need further information, please contact the undersigned.

Sincerely,

THOMAS N. COKENIAS
EMC Consultant/Agent for Silver Spring Networks
