Supersede request for FCC ID: OXM000031

To Whom It May Concern:

We regret to inform you that we need to upload revised external and internal photo report to FCC website. The reason is photo maker selects incorrect sample to take EUT photo. Since 2 receiver projects are done and sent to photo maker at the same time. Appearance is almost same to each other and identify label is missed. So the mistake happens. Please check following table to check difference between 2 receivers.

Sample for FCC ID: OXM000031	Incorrect sample
