Dear TEI,

Thanks for your question.

I would like to answer to your question for the Job 2906KC8 (OZ5URCMX6000I) as below;

Question 1&gt; SAR REPORT: Please submit a copy of the Dipole Probe Calibration Data. Please submit a copy of this report. None was received and is necessary to accompany a SAR Report.

[Answer> Please find the revised SAR Report including Calibration Data of the Dipole Probe.](#)[File Name: URCMX6000I\\_TstRpt\(SAR\)\\_Rev.pdf](#)

Question 2&gt; USER MANUAL: Page 16 of the USER MANUAL, Paragraph called Antenna Use: contains a discussion of a wall mounted antenna, etc as shown below. Please explain what this professional installation requirement means regarding this device. It is not clear.

[Answer> It seems to be a quotation error by the customer. Please find the revised Manual.](#)[File Name: CONF\(S\)\\_URCMX6000I\\_UseMan\\_Rev.pdf](#)

Question 3&gt; USER MANUAL: Page 6. What is the photograph that describes a MSC-400 and how does it apply to this device? Please explain.

[Answer> MSC-400 Master controller does not operate with EUT directly.](#)[RF remote control signal of EUT send to a RF Base station \(MRF-350i or MRF-260i\) and this RF Base station is connected with MSC-400. The RF Base stations were already gotten FCC Certificate separately from you.](#)[When a customer wants to enhance function such as using IR or wired RS232, MSC-400 is attached with RF Base station.](#)

Question 4&gt; OPERATIONAL DESCRIPTION: OPERATIONAL DESCRIPTION: The Operational Description you submitted is a "Parts List." Please send an adequate Operational Description for this WiFi Device.

[Answer> Please find the revised Operational Description for WiFi Device](#)[File Name: CONF\(L\)\\_URCMX6000I\\_WiFi\\_OpeDes\\_Rev.pdf](#)

The revised exhibits were uploaded at your web site. Please find them and, if there are any questions or problems, please do not hesitate to contact me.

I look forward to hearing your favorable reply soon.
