Universal RF Adapter

Thank you for purchasing the Mad Catz Universal RF Adapter.

Instructions

1. Unplug game system and TV from wall socket.
2. Insert the coaxial cable or antenna into the "From Antenna" terminal on the RF adapter.
3. Insert the appropriate "To Game" cable into "To TV"
4. Connect the TV coaxial cable from the "To TV" terminal of the RF Adapter to the TV's antenna or coaxial input jack.
5. Set the Channel Adapter to 3 or 4 depending on your TV's settings.
6. Plug the TV and game system back into the wall socket.
7. Turn on the TV and game system.

Precautions

- Unplug TV and game system prior to installation.
- Do not submerge in water.
- Precautions should be taken to prevent electrical shock.

Warning

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Note

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio TV technician for help.
