

## CONFIDENTIALITY REQUEST

Federal Communications Commission  
Equipment Authorization Branch  
7435 Oakland Mills Road  
Columbia, MD 21046

21 January 21, 2016

To Whom It May Concern:

## PERMANENT CONFIDENTIALITY REQUEST

Neptune Technology Group Inc. respectfully requests permanent confidentiality of certain materials provided with the submission of the CMIU under FCC ID: P2SCMIU-VZW-1 in accordance with 47 CFR 0.457(d) and 47 CFR 0.459. The permanent confidentiality request applies to the schematics, system block diagram, theory of operation, and parts list documentation contained in this filing and included in the following files.

15-3049 – Schematics.pdf  
15-3049 – System Block Diagram.pdf  
15-3049 – Theory of Operation.pdf  
15-3049 – Parts List.pdf

The CMIU has been developed at considerable effort and expense by Neptune Technology Group Inc. These items are considered as Trade Secrets and therefore public access to the proprietary material could possibly result in duplication of equipment that could severely damage the company's business advantage.

## SHORT TERM CONFIDENTIALITY REQUEST

In accordance with 0.457(d) and 0.459 of CFR 47, Neptune Technology Group Inc. respectfully requests short term confidentiality for a period of 180 days from the Grant date for the following items:

15-3049 – Internal Photos.pdf  
15-3049 – External Photos.pdf  
15-3049 – Manual.pdf  
15-3049 – Test Setup Photos.pdf

Confidentiality of the Internal, External, and Test Setup Photos is being requested because this is a non-consumer device which is not accessible by the general public and is only serviceable by the applicant or

designated technicians. The Manual is technical and is not provided to the consumer because the consumer cannot service or install the device. Therefore confidentiality of the Manual is also requested.

I appreciate your assistance in this matter.

Sincerely,

A handwritten signature in blue ink that reads "Darren Ritter". The signature is fluid and cursive, with "Darren" on the top line and "Ritter" on the bottom line.

Principal Engineer
