Re: Permissive Change Request to add a Remote Antenna to FCC ID: P3HSP4

Gentlemen:

Please note this is a request to add an additional antenna to a previously certified device FCC ID: P3HSP4. The only difference in the original unit and the modified unit is the addition of a plug in type remote antenna. The antenna consist of a series 27 pf cap with a series 330 ohm resistor.

Sincerely,

Phillip Inglis  
Agent for WNC

Re: Permissive Change Request to add a Remote Antenna to FCC ID:P3HSP4

Gentlemen:

This is to confirm that in car testing is not required for the referenced FCC ID. This was confirmed in conversation with Ray Laforge and Dr. Rashmi Doshi on Monday.
