Dear Mike,

Thank you for your kind comment.

Enclosed please find the revised test report in this email. The duration of transmission time shall be not longer than 4 seconds by program.
Regarding your comment for number 1, we already upload operational description for the EUT. For your reference, enclosed please find that in this email.

Thank you for your help.

Best Regards,
Y. K. Kwon

Notice_content

Question #1: Documents provided does not include the information to address 15.231(a) requirement. Please provide information on 1) how the transmitter will be activated, 2) how to ensure once the transmitter is activated, the duration of transmitting will be less than 5 second.

Best Regards

Mike Kuo / TCB Certifier

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 60 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
