2. Getting Started

2.1. Charge the battery

- 1) Before use SysOn™ Bluetooth GPS Receiver, the battery must be fully charged. Connect the power charger to the power jack, then plug into an electrical outlet. As the device is charging, the LED on the wall charger will show red light and turn to yellow when it is fully charged. And also, during charging, the battery status LED on the SysOn™ Bluetooth GPS itself will show red light and turn off once it is fully charged.

2.2. Turn on the GPS receiver

- 1) Turn on the SysOn™ Bluetooth GPS Receiver using the power switch. The Bluetooth LED (blue) will blink.
- 2) Once GPS position is fixed, the GPS status LED (orange) will blink.

2.3. Connect to Bluetooth enabled PDA or computing devices

- 1) Perform Bluetooth device discovery from your Bluetooth-enabled PDA or mobile computing devices. Refer to the user guide manual of your Bluetooth enabled PDA or devices for Bluetooth connection instructions.
- 2) After the connection is done between SysOn™ Bluetooth GPS and a Bluetooth-enabled device, the Bluetooth LED (blue) will be on.

Note. The inbound COM port is used when any other device initiates a serial connection. The outbound COM port is used when you initiate a serial connection to another device.

4. Users' Tips

Following environments may affect GPS signal receptions.

- Some vehicles having heavy metallic sun protecting coating on windshields, which may affect the GPS signal.
- Optional external antenna can be helpful by placing it on the roof of the vehicles
- In and around high buildings
- Under bridges or in tunnels
- Low battery of PDA or GPS receiver

In order to use Syson GPS efficiently, please follow the below principles.

- Please place the GPS receiver to be able to see the clear view of the sky
- In case of low battery level (Green LED warning), please recharge the GPS battery fully.

Please check the correct "port" and "baud rate" set up.

5. Unit Package

- Syson Bluetooth GPS Receiver
- User Manual
- Wall Charger

6. Optional Accessory

- Optional External Antenna

User Information

This device complies with part 15 of FCC Rules. Operation is subject to the following two conditions: (1)This device may not cause harmful interference, and (2)This device must accept any interference received, including interference that may cause undesired operation.

The FCC require the user to be notified that any changes or modification made to this device that are not expressly approved by SysOnChip, Inc. may void the user's authority to operate the equipment.

To comply with FCC RF exposure requirement, this device and its antenna must no be co-located or operating in conjunction with any other antenna or transmitter.

Limited Warranty

Sysonchip, Inc. warrants Syson Bluetooth GPS product against defects in material and workmanship, under normal use and service, for one (1) year from the date of purchase.

Incompatibility is not a defect covered by Sysonchip's warranty. If the product is found to be defective in material or workmanship during this period, Sysonchip or one of its authorized distributors will, at its option, repair or replace the defective product without charge when furnished with proof of retail purchase. If you ship the product to Sysonchip or one of authorized distributors, you must use the original container or equivalent and the shipping charges are responsible for you. Sysonchip or distributors will bear shipping charges for returning the product.

Sysonchip is not responsible for incidental or consequential damages resulting from breach of any express or implied warranty, including damage to property and, to the extent permitted by law, damages for personal injury. This warranty is in lieu of all other warranties including implied warranties of merchantability and fitness for a particular purpose.

WARRANTY LIMITATIONS AND EXCLUSIONS

This warranty applies only to the original consumer purchaser and is not assignable or transferable.

This warranty does not apply to any product which has been subjected to misuse, misapplication, abuse, abnormal use, negligence, alteration or accident, or any product having its serial number altered or removed.

This warranty does not apply to any defects or damage directly or indirectly caused by or resulting from the use of unauthorized replacement parts and/or service performed by an unauthorized person.

Some jurisdictions do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusion may not apply to you. This limited warranty gives you specific legal rights, and you may also have other rights that vary from jurisdiction to jurisdiction.
