This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution: The user is cautioned that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference

in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC's RF radiation exposure limits set forth for an uncontrolled environment. The antenna(s) used for this transmitter must be installed and operated to provide a separation distance of at least 20 cm from all persons and must not be collocated or operating in conjunction with any other antenna or transmitter. Installers must ensure that 20cm separation distance will be maintained between the device (excluding its handset) and users.

FCC ID:P4L00Q7BT01

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

SPECIFICATIONS

Product name	: Bluetooth Wireless Speaker
Product Model	: Q7-BT,
Frequency response	: 60Hz-20KHz
Amplifier output power	: 2.5W×2, subwoofer 5W×1
Amplifier input sensitivity	: ≤400mV
Amplifier SNR	: >75dB
Amplifier distortion	: <1%
Input Voltage	: DC12V 2A
Power voltage	: AC100-240V,50/60Hz
Blue tooth transmission distance	: 8-10M whitout obstacle
Blue tooth working frequency	: 2.4GHz
Blue tooth version	: V3.0+EDR
Blue tooth audio playback format	: A2DP stereo

Manufacturer:Foshan LANCHIYA Digital Technology Co., Ltd China
Address : hongtu RD, Songxia Industry Park, Songgang Nanhai District, Foshan, Guangdong Province, China
