History

Version 1.0 – First release 24th of February 2003

1 Introduction

I2r Ltd. is a wholly owned UK subsidiary of Sirit Technologies inc. of Toronto Canada and forms the design and development arm of the corporation.

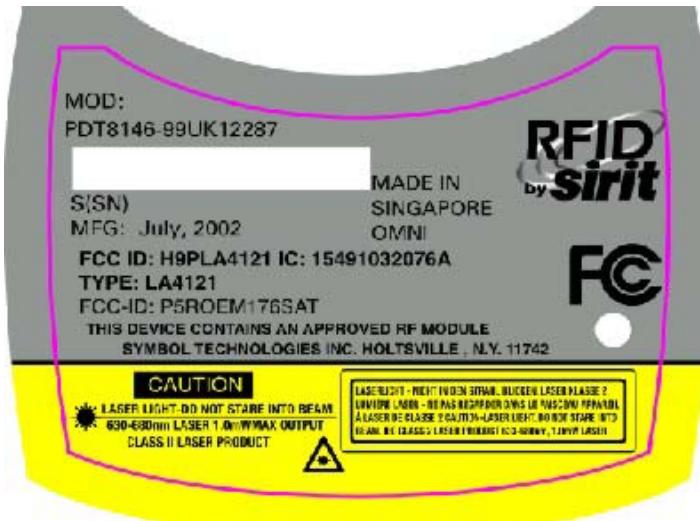

This document covers the Labelling Information of the OEM 176 / 177 combined RFID and bar-code scanner module when fitted to the Symbol 8146 UL approved hand held computer.

The module itself has a label (Fig1) which is attached on the bottom of the unit this is the only flat surface on the module which is large enough to contain a label which is visible without magnification, this label is not visible when the module is mounted. Addition to this the label on the outside of the 8146 shows the FCC ID for this module (Fig 2)
