RE: Supersede Request for FCC ID: P7QRM-266V

To Whom It May Concern:

Applicant Vertu has requested the Class II Permissive Change Cover Letter uploaded for the original application be superseded with a revised Cover Letter. According to the applicant, the typo **2100** was replaced by 1900, in fact only WCDMA 2100 was ever supported (not 1900), and the applicant did correctly measure the supported bands.

If you require additional information, please let me know.

Sincerely,

Jennifer Sanchez
TCB Administrator
