Hi Tom,

This is an initial notice for this application. The review is not complete.

The cover letter in the application refers to a KDB inquiry exhibit, but the exhibit does not appear to be among those that were uploaded. Please send me a copy of the KDB inquiry and FCC reply so asap so I can complete the review.

Thanks and best regards,

Tim

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.

Hi Tim,

Attached please find confidential request, KDB confirmation of receipt, and KDB reply. I have also submitted a revised request for confidentiality to keep the request and reply confidential if that is possible. The request I believe has information not readily available without schematic, block, or operational description, all confidential themselves.

best regards

Tom

The request and the response are attached.
