Subject: Class II Permissive Change request for FCC ID: P9OLAMBDA62

To whom it may concern

Cydar, who are using this module in their Cydar Remote Handheld device.

This is a handheld remote control device so request a Class II permissive change for FCC ID: P9OLAMBDA62, originally granted 31 August 2020, to permit handheld use in this application where average transmit power is limited by the hardware hosting the module

I attest that the certified device will not be capable of ad-hoc mode operation outside of the grant conditions.

Yours Sincerely

Charlie Blackham
Director
