# Eka Systems Inc. Labeling Information 900SiP Radio Module

#### 1. General Information

**Applicant:** Eka Systems Inc.

**Applicant Address:** 20201 Century Boulevard

Suite 250

Germantown, MD 20874

301-515-7118

**Product:** 900SiP Radio Module

FCC ID: P9X-900SIP

**IC:** 6766A-900SIP

#### 2. General

#### 2.1. Location

The label must be applied to the meter in a place where it will be easily visible. The label should be applied so that all vertical and/or horizontal markings can be read in the same direction as other labels on the meter.

## 2.2. Markings

All human readable markings must be clear and legible when viewed with normal vision at a distance of twelve inches.

### 2.3. Permanency

The label shall not be a stick-on, paper label, and must be permanently affixed to the product. The label must be designed to last the expected lifetime of the equipment in the environment in which the equipment may be operated and must not be readily detachable.

# 3. Contents of the Label

The label must contain the following information:

- FCC Identifier the FCC identifier for the 900SiP radio module, P9X-900SIP
- IC Identifier the Industry Canada identifier for the 900SiP radio module, 6766A-900SIP
- Model Number the model number must appear on the label
- Manufacturer Name: the name of the manufacturer, Eka Systems, must appear on the label

May 24, 2010 1

• FCC Information – the following statement should appear on the label or in the installation manual:

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received including interference that may cause undesired operation.

Examples of labels are shown below. The example in Figure 1 shows a label with both the FCC Identifier and the required FCC information. The example in Figure 2 shows a label with just the FCC Identifier on it. The required FCC information would appear in the installation manual.

Eka Systems 900SiP
Contains FCC ID: P9X-900SIP / IC: 6766A-900SIP

This device complies with part 15 of the FCC Rules. Operation is subject to the following conditions: (1) This device may not cause harmful interference. (2) This device must accept any interference received including interference that may cause undesired operation.
