

A2-1 Label Requirements

A class B digital equipment subject to certification by the FCC shall carry a warning label which includes the following statements:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This statement should be stuck in a conspicuous location on the device. If impossible, this warning label should be placed in a prominent location in the user's manual.
