Re : Post-Grant Sample Request from PCTEST (FCC ID: PAUAT300)

As for the Post-Grant Sample request from PCTEST TCB-FCC,
MSSK(Motorola Smartcard Solutions Korea) would like to inform as follows;

- MSSK didn't have any production of 'Smartcard reloading terminal(AT300)' after granting the FCC ID(PAUAT300) on November 18th, 2000, so that FCC ID(PAUAT300) hasn't been used up to now.

Thanks for kind cooperation.
