RE: Declaration of Conformity- FCC Compliance
QPRO and Q4000 Product

To Whom It May Concern:

Please be advised that the manufacturer will ensure that the above-referenced model will be manufactured in accordance with the FCC Rules and Regulations. The Iridium Satellite and GSM/GPRS radios will not be transmitting simultaneously. This is achieved and controlled via software, with the use of message queuing, network monitoring, and software algorithms.

Thank you for your attention to this matter.

Yours faithfully

Darrin Calin
