The following information is a list of modifications that will be included in the production process for the above-referenced equipment.

**\*The power value set in the firmware will be reduced.**  
**(Field "Tx Power" will be tuned at "2A")**

The EUT tested before is not carried into mass production stage and the power of our final products will be tuned as the value attested above.

I sign below and assure that all these changes will be done before the product selling to the public.

Thank you for your favorable considerations upon this statement.
