---	---

6 RF EXPOSURE

Clause: **15.319 (i) / 12.0**

Requirement: **1.1307(b), 2.1091 and 2.1093 / RSS-102 as appropriate**

MPE ≤ 1 mW/cm² at 20 cm

SAR ≤ 1.6 W/kg over any 1 g of tissue

Reference: OET Bulletin 65 for General Population / Uncontrolled Exposure

Test Result: Base: Compliant
 Handset: Compliant

6.1 Base MPE

Power density $S = \text{EIRP} / 4\pi R^2$, where R is distance 20 cm
 $= 79.5 / 4\pi(20)^2 = 0.016$ mW/cm² < 1 mW/cm² limit

6.2 Handset SAR

Refer to separate SAR testing report by Celltech
