Attn: Mr. Steve Dayhoff

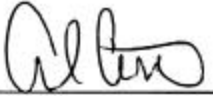

SUBJECT: Growell Telecom Co., Ltd.
FCC ID: PC6CF2031
731 Confirmation No.: EA127671
Request for Tech. Info.: 11/22/2002

Dear Steve:

Per our conversation, transmitted herewith, on behalf of **Growell Telecom Co., Ltd.**, is an amendment provided in response to the request for technical information dated November 22, 2002.

1. Please find attached the probe calibration showing the factors used.
2. The maximum EIRP among three hosts is 0.473W.
3. Please find revised User's Manual attached.
4. Please note that additional Class II filings may be made in the future to add additional host devices. (i.e. PDA's, Pocket PC's)
5. The unit was tested in both the upright and horizontal position for antenna extended and the worst data was reported. Please note data on page 19 of the SAR test report.
6. The unit is intended to be marketed with and without the PCMCIA adapter. No change in SAR is expected in the compact flash card configuration because the unit is totally shielded.

If you have any further questions, please do not hesitate to contact us.

Alfred Cirwithian
Vice President Engineering
