

# E-Z Talk

## (FM Car Hands-Free Kit) Instructions for Use

### 1. PRECAUTIONS

- ① "Initial set-up" and "Pre-operation set-up" procedures should be performed.
- ② The cellular phone and automobile radio must be turned on to function properly.
- ③ The LED light indicator should be illuminated when the Hands-Free Kit is well connected to the electric supply of the car.

### 2. IMPORTANT TIPS

- ① You can adjust the volume with the car volume controller.
- ② Use the car radio volume dial to achieve your desired Hands-Free Kit volume level.
- ③ For enhanced audio quality, set the base and treble controls of your stereo to neutral.

### 3. INITIAL SET-UP INSTRUCTIONS

- ① Tune your car radio station to FM 88.3MHz.
- ② Store it into memory as one of your pre-set stations.
- ③ **It is strongly recommended to set the cellular phone VOLUME to MED. LEVEL.**

### 4. PRE-OPERATION SET-UP INSTRUCTIONS

- ① Insert the Hands-Free Kit's plug-end unit into the cigarette receptacle (illuminated red LED indicator)
- ② Plug the Hands-Free Kit's earphone jack into your phone's earphone hole.
- ③ If your phone does not have a hole for the earphone, plug the jack into the earphone hole on the adapter.

### 5. TO RECEIVE A CALL

- ① The audible ring of the cellular phone will signal an incoming call.
- ② To access your E-Z Talkie feature:
  - 1) Press the pre-set station on the radio (FM 88.3MHz)
  - 2) Press the E-Z Talkie on/off button or the appropriate button on the phone to receive calls.
  - 3) Adjust your radio volume dial for desired sound volume.
  - 4) When the call is completed, terminate your call by pushing the on/off button or as you would do normally.
  - 5) If you desire, press the radio station of your choice to return to the normal operation of your radio.
