Subject: FCC ID: PD9622BGH

Gentlemen:

Please be advised that the Company FCC ID: PD9622BGH, Trade name, Model 622BGHMW is manufactured for the global market but when labeled for marketing in North America (FCC ID: PD9622BGH) the Trade name, Model 622BGHMW EEPROM will be programmed at the factory to only operate and actively scan on these specific channels:

Channels 1-11, 2412-2462MHz 802.11b mode
Channels 1-11, 2412-2462MHz 802.11g mode

The following channels will be programmed at the factory to passively scan and will only listen and cannot send a probe request to initiate communication on these specific channels. Ad-hoc mode is always disabled on these passive channels.

Channels 12 & 13, 2467 & 2472MHz 802.11b mode
Channels 12 & 13, 2467 & 2472MHz 802.11g mode

This information when programmed into the EEPROM will not be accessible and can not be changed by the end user.

Please note the model 622BGHMW is the exact same card as the 622ANHMW except that 802.11a and 802.11n modes are disabled.

If you have any questions please do not hesitate to contact us at 803-216-2344.

Sincerely,

A handwritten signature in black ink that appears to read "Steven C. Hackett".
