Ref: FCC Class II Permissive change for FCC ID: **PD9AX201D2**

Dear Examiner,

This is to request a Class II permissive change for module approval
FCC ID: **PD9AX201D2**, originally granted on **11/20/2018**.

Change #1: This change is to provide updated labeling exhibits for this filing. Due to the module very small size (12x16mm overall) in order to put the labeling on the device itself it is so small (<4pt) it is not legible without magnification. For this reason the FCC ID information is placed into the User Guide information.

Sincerely,

A handwritten signature in black ink, appearing to read "Steven C. Hackett", written over a horizontal line.
